Marc Robinson Top left corner. A pair of overall trousers with Robo written on them . They were my overalls from the casting shop when I was a caster for spode.

My old whites in a display at the BCB . fame at last.
'Lunar Labour' by Karen Harsbo can be seen on the ground floor of the Meadows building at the original Spode site.
The date on the photo is incorrect - camera setting needed adjusting! - en British Ceramics Biennial - Spode Factory, Stoke con British Ceramics Biennial.
